Nayan Bajpai

Analyst/Software Engineer

Base Location: Bengaluru

Email : nayan.bajpai@capgemini.com

Mobile No: +91-8840459583

Grade: A4

Emp Id: 46290503

Education :

Bachelor of Engineering (BE) in

Information Science :

2018-2022

Skills :

Programming Languages:
JAVA 8
C++
JavaScript

Backend
Spring Boot
Spring MVC
Spring Security
REST-API

Database
SQL – MySQL
No SQL – MongoDB

Web Technologies
HTML5
CSS3
JavaScript
Bootstrap

Tools
Eclipse
VS Code
MongoDB
Postman

Additional Details
Team Player with good communication skills.

Strengths

- Developed project in : **Full Stack With React, Spring Boot MS & MongoDB**.
- Hands-on experience on:
  - Core Java
  - Spring Boot
  - Microservices
  - HTML5, CSS3, JavaScript
  - ReactJs
  - Git and GitHub
  - MongoDB
- I've keen interest in Cloud Computing, Problem-solving, Cyber Security, learning new technologies and building meaningful software solutions.

Projects & Achievements

FLIGHT BOOKING SYSTEM

- Developed this project using Java, Spring Boot, Rest, Microservices & JPA as backend technologies and HTML, CSS, Bootstrap & ReactJs as frontend technologies.
- Each microservice exposes a set of REST/JSON endpoints for accessing business capabilities and implements certain business functions using Spring (Boot) framework.
- Microservices are built with Spring Boot, which has an embedded Tomcat server as the HTTP listener.
